Nobody out-serves the Greendale Lions!

Processing Blessing Bags for the homeless

Providing accessible playground equipment for our parks and schools

Dear Friend,

Every year, over 20,000 people from Greendale and the surrounding area enjoy the 4th of July, Greendale Village Days and Oktoberfest festivals that take place in our Village. The Greendale Lions have **well over 4,000 loyal followers on our Facebook pages**. The community and all of these visitors associate our festivals, and those who sponsor us, with the many causes that we support. We use the proceeds of our events to serve Greendale and beyond in many ways!

We invite you to be a festival sponsor so people can see how you add value to our community. It takes the dedication of an army of volunteers, and committed business partners like you, to provide top quality music, a great menu with premium offerings, as well as our beer and wine choices. The success of these festivals allows us to raise proceeds for various projects. This assists us in building a better community for future generations to enjoy.

The net proceeds from the festivals allow the Greendale Lions Foundation, a 501(c)(3) charitable organization, to support a wide variety of worthwhile projects and programs. These funds serve the Greendale community and beyond through:

- **2025 Focus Project:** Funding for the all-inclusive playground at Canterbury Elementary
- A Festival tip program that serves our nationally recognized GHS Band and Cheer programs, as well as Youth Football and Robotics Teams
- Five scholarships given to deserving graduating seniors
- Supporting the Wisconsin Lions Camp, which serves children with diabetes, visual impairment, and developmental disabilities
- Donations to St. Al's Food Bank, and managing the School Snack Initiative for needy students
- Eyeglass collections, which are distributed in developing countries to give people clear vision for the first time in their lives!

This is just a small sample of the impact that our Club has on Greendale and beyond.
